Students will quickly progress in their language skills by studying the four language competencies (oral expression, oral comprehension, written expression and written comprehension) in small, level-based groups. They will then be able to put their language skills to work while learning about French culture through numerous cultural visits outside the classroom.

- Cultural Visits in and around Paris

Course Materials:

- French as a foreign language manual (version depends on level placement)

Assessments and Evaluation:

Continuous testing in the form of quizzes and presentations throughout the program in the French language courses.
